

Boise News.

SATURDAY, SEPTEMBER 10, 1864.

NEWHOUSE & SCHULZ have just received an enormously large stock of all manner of goods in their line, and will set them forth in advertisement next week.

NEW FIRM.—Dr. Craig of Walla Walla, and A. A. Mix of this city have formed a copartnership in the drug business, under the firm name and style of—**Craig & Mix, Walla Walla and Idaho.**

GONE BELOW.—H. M. Swinnerton, Esq., of the Book Store, has gone to San Francisco with the intention of returning soon with a large stock of goods in his line, selected by himself expressly for this market.

SERVICES at the Baptist Church as usual to-morrow. Preaching at 10½ A. M. Sabbath School at 2 P. M. Prayer Meeting 7½. Rev. C. S. Kingsley at Idaho. Hamilton and Fackler at Boise city.

L. W. A. COLE, Agent for the "Daily Union Vedette," published at Camp Douglas, U. T., called on us during the week. Mr. Cole is a member of Co. A, 3d Infantry, on furlough, and is canvassing for the "Vedette."

THANKS.—The "Idaho Statesman" establishment has our thanks for a copy of their extra of last Sunday, by the hand of E. D. Holbrook, Esq., which was republished by us and furnished throughout the Basin in advance of the news brought via Portland.

FRANK CARPENT.—The old and favorite caterer from Frank's Hotel, Walla Walla, who has grown fat in the business, has opened a restaurant in the building formerly known as the Fountain House, and although he has changed his pasture, the grass is not short.

HON. JOHN CUMMINS, of Owyhee county, has been nominated by the Union party for Councilman; Sol. Hasbrook, and C. E. Sterling for Assemblymen; Lyman Stanford for Sheriff; Gilmore Hays for Recorder; C. G. Stafford for Probate Judge; O. A. Palmer for Surveyor; F. Haight for Clerk, and R. E. Halleck for Treasurer.

LUSK & FEAR.—It does us good to notice the vegetables that grow on the ranch of Lusk & Fear, on Bear run, and still more good to eat them. Henry Lusk brought in a basket filled with green corn and potatoes. The corn reminded us of that grown in the valley of the Wabash, and the potatoes were tender, brittle and delicate as a Jenneting apple.

AN INTERESTING PERSONAGE.—At church last Sunday, an Assyrian from the shores of the Sea of Galilee, and a native of the town of Bethlehem, who was baptized in the river Jordan by a native Baptist missionary near the identical place where John the Baptist used to perform the same ordinance,—took the Sacrament at Mr. Hamilton's Church on Commercial street. He calls himself Elijah.

TOWN LOTS IN BOISE CITY.—Elsewhere in this paper will be found a communication in relation to town matters in Boise city, which we neither endorse nor repudiate, as we know nothing of the merits of the controversy. We shall, however, dispute with the editor of the Statesman as to his right to bear the new title of distinction given him, provided his claims are based upon physical dimensions.

THE HEIGHT OF MOUNTAINS.—North America—Popocatepetl Mexico, 17,783 feet; Mount Brown, Brit. C., 16,000; Mt. Hooker, Brit. C., 16,750; Mt. Shasta, Cal., 14,400; Hood, Ogn., 11,924; Mt. St. Elias, Russian Poss., 14,070. S. America—Mt. Aconcagua, 23,910. Europe—Mont Blanc, 15,732. Asia—Kinchingsing, 23,178. Africa—Kilimandjaro, 20,000. Oceania—Ophir, in Sumatra, 13,842.

RT. REV. BISHOP TIEMAN, of N. Y., has received from the Sovereign Pontiff at Rome, dated April 10th, 1864, a rescript by which all soldiers, sailors, and their families, in the service of the U. S., are dispensed all days in the year except six, viz., the eve of Christmas, Ash Wednesday, the three last days in Lent, and the eve of Assumption. On these days alone are they forbidden the use of flesh meat.

SAW-MILL BURNED.—The Bear run steam saw-mill owned by Robie & Bush, and situated some three-fourths of a mile up Bear run from the end of the railroad near the Jenny Lind Theater, was discovered on fire about three o'clock on Wednesday morning, and before the flames could be extinguished the entire wooden portion of the mill together with some 50,000 feet of lumber were consumed. The origin of the fire remains a mystery. The mill had been shut down at six o'clock the evening before, and no fire was visible in or about the premises at half-past eleven as some of the bands returned from the theater. When first discovered the fire was in the roof and had not yet communicated with the body of the building. Mr. Rossi informs us that it is his impression that it will be in operation again in about two weeks, as the boiler, engine and other machinery, with the exception of the saws, appear to be as good as ever. We have not learned an estimate of the loss stated.

THE CAMPAIGN OPENED.—On last Saturday evening the first gun was fired by the Union party, in the streets of this city. A large crowd collected, pursuant to notice, in Main street near the corner of Wall. The meeting was called to order by Jacob David, Esq., and presided over by Dr. J. B. Tibbets. Hon. S. C. Parks was first introduced and spoke at some length touching the war, its causes, the action of different political parties and statesmen in the premises, etc., etc. The Judge endorsed the administration of Abraham Lincoln, said he had been the warm personal and political friend of Lincoln for more than twenty years, and knew the good qualities of the man who had been President a little over three years and would be President a little over four years longer. The other speakers were Dr. J. A. Raymond, Sheriff Sumner Pinkham, Hon. Geo. Woodman, Hon. Joseph Miller, M. J. Gilkey, Esq., Justice Charles Walker, and E. F. Gray, Esq. An over-weening desire to see Mrs. Hayne as Bianca, in "Fazio," led us to the theater, notwithstanding an inclination to hear the speeches, hence the anxious public will have to imagine the tenor of each discourse, which we are assured was eminently patriotic and loyal.

KOOTENAI.—Mr. Thos. Adams, well known to responsible gentlemen in this city as a man of sterling integrity, energy and industry, a practical miner of several years experience, arrived in town on Thursday last direct from the Kootenai mines, and from him we gather substantially the following facts: The only discoveries worthy of any attention whatever, have been made on Wild Horse creek, where from four to six companies in a district extending only four miles up and down the creek, are doing first-rate—making big wages. Outside of these companies and these claims, the country is an absolute humbug—a perfect "bilk." Mr. A. was obliged to dispose of such goods as he possessed and had taken up there as a mining outfit, for 10 per cent. less than they cost in order to raise money to bring him back here. Those who leave \$10, \$5, or even \$3 diggings to go to Kootenai, do so only to be disappointed, and after a whole season, and all the money they have been able to save out of a year or two's work, expended, to find their way back as best they can, wiser and poorer men.

LAWS OF IDAHO.—The Statutes of this Territory, now nearly one year old, have at length arrived in printed form. Chris. Higby, of Higby & Britten, Placerville, has had the kindness to make us a present of a copy. It is a very convenient volume in a printing office, and we value it highly. The officers of this county have even more use for them than the printer has, and are entitled to them by law, and yet none have been furnished, so that if they have them at all they have to buy them. It is high time they were distributed as the Legislature will soon convene again, and ere they are fairly read through, such changes may be made as to render them comparatively useless. Higby & Britten of Placerville, and Vantine & Eisler of Idaho, have them for sale at \$10 per copy in coin, or its equivalent.

SERENADE.—Pastor's band, after the theater was out on Monday evening, proceeded to the Poudre House, where ex-Governor Wallace and lady were stopping, and gave them a serenade. After two or three pieces had been performed the Governor came out and stood upon the balcony until they played the Star Spangled Banner, after which he addressed the crowd in a neat little speech—complimenting them for the many improvements visible since his departure last Fall as their Delegate to Congress, and promised to give an account of his stewardship on all proper occasions in the coming campaign. Cheers for Governor Wallace were proposed and given with a will. After which the band played a patriotic air, and the meeting dispersed about 12 o'clock.

TOLL-ROAD TO SILVER DISTRICT.—By reference to our advertising columns it will be seen that Messrs. Erwin & Burnett give notice that they intend to extend their road to Silver city—so called—and that they will apply to the County Commissioners at their next sitting for a license to open and keep it as a toll road. Our old typographical friend, J. W. Mitchell, has an interest in the speculation. His energy and enterprise combined with that of his partners, together with his printer's luck, ought to, and doubtless will insure success to the enterprise. Their road is already in condition for travel to the ice house on Moore's creek, which leaves them 24 miles to complete.

MCCLELLAN NOMINATED FOR PRESIDENT AT CHICAGO.—The Convention was called to order at noon, Aug. 20th, ex-Governor Bigler temporary Chairman, and Seymour President of the permanent organization. Hunt of N. Y. offered a resolution in favor of an armistice and Convention of States. Long of O., offered a resolution asking the President to suspend the draft until after the election;—referred. The candidates were McClellan, Sanlbury, Thos. H. Seymour, and Franklin Pierce. McClellan was nominated on the first ballot—receiving 203; Seymour 23. The nomination was then made unanimous. Peadleton of N. J. was nominated for Vice President, and the Convention adjourned.

THEATRICAL.—The interest in Mrs. Hayne's histrionic representations, which at first appeared to be marked by indifference, is nightly growing warmer and more intense. People are becoming enlisted in sympathy with her in her personations, and what was at first mere idle curiosity to see and hear a person of her fame and renown, has grown into actual appreciative interest in the drama, and the consequence is the house is filled with intelligent and well-behaved people. On the occasions of the rendition of "Leah," Isabel in "East Lynne," Bianca in "Fazio," Mrs. Halter, Pauline, and some others, we observed moisture in eyes unused to tears, and many a man who considered it womanish and unmanly to weep, suddenly discovered that he had taken cold and had especial and frequent use for his handkerchief. Had it not been for the backs of those who had undertaken to play servants in "East Lynne," the interest would have been much greater, the effect much better, and many a person of correct dramatical taste that was thrown out and confused by these stammerings, would otherwise have enjoyed a full measure of the inspiration that the artiste breathed. B. S. Mortimer, as Sir Francis Levison, played his part to perfection in feeding the jealousy of Lady Isabel and turning her head and heart away from her husband. Hope there were no Francis Levisons in the audience. Speaking of the play of Leah the Forsaken, we are reminded by one who ought to know, that the Jews never interlock their fingers to express sadness, but always lay the palms of their hands together. Father Abraham acted not like the Children of Israel in this respect on Wednesday evening. Moreover, if the barbering tailor "followed copy," the author must have been at fault in ascribing to Frankfort the coinage of the thaler.

LATEST EASTERN NEWS.—The Statesman of the 8th contains dispatches up to the 31st of August.

A skirmish occurred near Charleston, Va., on the 29th, between Federal cavalry and the enemy's rear guard; two cavalry officers killed and 20 rebel prisoners taken. Edward Wallace, an Englishman who swam the Apomattox and came into the Federal lines, says the rebels are very gloomy because they failed to draw Grant hence by the raid into Pennsylvania. One hundred and fifty thousand new recruits have been obtained in N. Y., Penn., and the New England States, and are joining the Army of the Potomac at the rate of 1000 per day; the average number daily obtained is 1300 which will be increased to 2000. Affairs at Morris Island are unchanged. Lee had ceased to struggle for the Weldon Railroad on the 31st; they acknowledged the loss of 5 generals—four killed—in the great battle for the railroad. A heavy battle was expected on the Macon road, before the end of the week. Wheeler was expected to attack Nashville on the 30th, with from 6 to 8 thousand men and 12 guns. Gen. Mulligan was said to be in Wheeler's hands. Grant telegraphs to the President that Fort Morgan has been taken by the Federals, as he learns from the Richmond "Sentinel." In a fight at Greenville, Tenn., 40 Confederates were killed.

ARRIVAL OF HON. W. H. WALLACE.—Ex-Governor Wallace, Delegate to Congress from Idaho, arrived here with his lady from Portland on Monday last. The Col. is direct from Washington, having left there soon after the adjournment of Congress, and is now stopping at the Poudre House. The cares of state seem not to have worn heavily on his constitution,—on the contrary, his health and spirits appear to be most buoyant, and he already has the harness on to fight through another campaign. Whether it is his intention to take the stump for the nominee of the Packer John convention or not, has not yet transpired, but we presume that is his purpose.

A BLOODY FIGHT took place in the "Croix de Federale" saloon in the early part of the week, in which an elderly Frenchman was horribly beaten and mutilated about the face and head. One man by the name of Dubois has been arrested and charged with the deed. The old man says there were two persons engaged in the beating, though it was so quietly done that if there were others engaged in it they made good their escape. Dubois has been fined \$150.

A GENTLEMAN requests us to state that a stage-driver on the Placerville route, ran a coach over him last week, and nearly killed him,—for which he requires that an anathema shall be pronounced against the offending Jehu. We know neither the name of the driver nor his victim.

BALL.—A ball will be given at Pick-Wick Hall on Tuesday evening next. Those who have been in the habit of attending these parties are invited to attend without further notice.

DISTRICT COURT, Second Judicial District, special term, Saml. C. Parks presiding Judge, met Monday, Sept. 5th. The following cases were dismissed at plaintiff's costs: Anderson vs. Helm. Laurin vs. Kelly & Bro. Proetz vs. Ballard. Chapin vs. Pinkham et al. In the case of Moore et al. vs. McGregor et al., each party consented to pay his own costs, and the case was dismissed. THURSDAY, 8TH. Wheelock & Harrington vs. Harvey Sweeney—judgment by default, \$666.60. Jules vs. Moore—dismissed; each party paying costs. Borquez vs. Moore—same as above. Knowles vs. Lehman—judgment for plaintiff for perpetual injunction and \$1,500 damages.

SOMETHING WRONG.—Since the establishment of a United States Mail between Boise city and Salt Lake, we have failed to receive a single paper of any kind, either from Salt Lake city or Camp Douglas. Mr. Cole, Agt., says the "Vedette" is mailed regularly to us every day; now the question is, where do these papers stop on the way? We need them, are entitled to them, and unless they are permitted to come through, we shall cause such an investigation of conduct of postal officials as will make their knees smite together.

MURDER AT PIONEER.—A man by the name of —Crist was shot and killed at Pioneer city on Tuesday night, by one —Gilmore. It appears that the Cyprians and their paramours, from all the camps in the Basin had, on this occasion, gathered themselves together at Pioneer for the purpose of having a grand ball, and that during the progress of the ball, between four and five o'clock on Friday morning, this shooting took place—under what circumstances we know not. Gilmore is said to be arrested.

THE CHICAGO PLATFORM.

Through the kindness of Major Blake and R. W. Ralston, Esq., we are enabled to lay before our readers a part of the Democratic Platform, Mr. Bradley having unintentionally converted the remaining resolutions to the best of purposes.

RESOLVED. That we will use all honorable means to bring to a speedy termination the unhappy difficulties that disturb our country.

Resolved, That in future as in past, we will adhere unwaveringly to the Union under the Constitution as the only solid foundation of our strength, security and happiness as a people, and as the framework of a government equally conducive to the welfare and prosperity of all the States, both northern and southern.

Resolved, That this Convention does explicitly desire as the sense of the American people, that after four years of failure to restore the Union by the experiment of war during which, under the pretense of military necessity or war power, higher than the Constitution, the latter instrument has been disregarded in every part, public liberty and private rights trodden down and the internal prosperity of the country essentially impaired. Justice, humanity, liberty, and the public welfare demand that immediate efforts be made for a cessation of hostilities with a view to an ultimate convention of States, or other peaceable means, to the end that at the earliest practicable moment peace may be restored on the basis of the Federal Union of States.

Resolved, That the direct interference of the military authority of the U. S. in the recent elections held in Kentucky, Maryland, Missouri and Delaware was a shameful violation of the Constitution, and that the repetition of such acts in the approaching election will be held as revolutionary and will be resisted with all the power and means under our control.

Resolved, That the aim and object of the Democratic party is to preserve the Federal Union and rights of the States unimpaired, and they hereby declare that they consider the administration to have usurped extraordinary and dangerous powers not granted by the Constitution, and that the subversion of civil by military laws in States not in insurrection,—the arbitrary military arrest, imprisonment, trial and sentence of a citizen in States where civil law exists in full force,—the suppression of freedom of speech and of the press,—the denial of right of asylum,—the employment of unusual test oaths and interference with and denial of the right of the people to bear arms in their defense as calculated to prevent the restoration of the Union and the perpetuation of a government deriving its past powers from the consent of the governed.

Resolved, That the shameful disregard of the administration to its duty in respect to our fellow-citizens who now and long have been prisoners of war in a suffering condition, deserves the severest reprobation on the score alike of public and common humanity.

Resolved, That the sympathy of the democratic party is earnestly extended to the soldiers of our army, who are now and have been in the field under the flag of their country, and in the event of our attaining power they will receive all the care, protection, and regard that the brave soldiers of this republic have so nobly earned.

Since the above was in type, we have received the Oregonian of the 2d. The addition of the first Ky. resolution of 1798, completes the platform.

From the Walla Walla Statesman (2d inst.) we learn that Gen. McDowell was expected to arrive at that post on that day, on a tour of inspection. Will he visit Fort Boise, &c.?

The Statesman learns that material for the establishment of a newspaper at Cañon city has been shipped from lower Oregon.
